platforms 6.28.5
power-operated vertical doors 4.1.5
shaft, doors covering collar 7.1.9
sinking operations, dump doors 7.1.14
sinking operations, service doors 7.1.13
stairways, doors shall not open onto ..... 4.1.4(3)(b)
toilets 2.11.12
underground fueling station 4.3.3
ventilation 6.38.1

Drilling
abandonment of an exploration drill site ..... 9.11.1(5.1)
about 9.11.1
decommissioning of drill holes ..... 9.11.1(5.1); 9.11.1(7)
emergency spill kits ..... 9.11.1(4)
flow of drilling discharge ..... 9.3.4(b); 9.11.1(3)
flow of groundwater ..... 9.11.1(5)
for reblasting, coal mine 8.11.6
gas detection and monitoring, coal or coal-bearing formations ..... 9.11.1(7)
in loose rock 8.7.3-4
liquid hydrocarbons ..... 9.11.1(2)
location of drill sites ..... 9.11.1(1)
loss of control of drill hole ..... 9.11.1(7).
near explosives 8.7.1-2
powered rock drill, dust suppression 6.24.3
requirements prior to drilling 4.17.11
riparian setback distances ..... Table 9.1; 9.5.1; 9.9.1
safe operating procedure, drilling in coal or coal-bearing formations ..... 9.11.1(7)
shiftboss to supervise drilling after misfire 8.6.6
uranium & thorium drilling fluid/drill cuttings ..... 9.3.4(b)
use of explosives in underground coal mine 8.11.5

Drill Holes
see also **Collar**
definition of collar ..... Definitions
definition of socket ..... Definitions
connection to existing workings 8.10.2
separate underground plan, diamond drill holes 6.3.2
surface plans, diamond drill holes collared on surface 6.8.1
plans, diamond drill holes within 8 m of mine opening 6.3.3
plans, exploration drill holes ..... 6.3.3(3)-(4)
uranium & thorium exploration drill holes must be sealed 9.3.4

Drills
electric hydraulic diamond drills ..... 4.9.6(3)
jumbo, underground 6.25.6
powered rock drill, dust suppression 6.24.3

Dump
see also **Stockpiles**
see also **Dumping**
definition of dump ..... Definitions

definition of dump berm ..... Definitions
definition of dump block ..... Definitions
definition of dump material ..... Definitions
definition of major dump ..... Definitions
annual report 10.7.1
annual inspection ..... 7.9.22(3)
closure and 10.8.5; 10.9.11
confined space ..... 6.10.2(1)-(2)
designs and details for - plans ..... 10.2.2(d)(vi)
design standards 10.2.4
entrance barrier ..... 4.1.6(3); 6.10.1(5)
examination of dump block 6.5.2
manager responsibilities 6.10.1
material with probability of spontaneous combustion 10.7.2
operation and monitoring of 10.7.1
reclamation of 10.9.11
stability 6.20.2; 10.8.5
surface plans to include dumps 6.8.1

Dumping

see also **Stockpiles**
see also **Dump**
definition of dump person ..... Definitions
definition of dumping position ..... Definitions
doors, hoisting ..... 7.6.14(6)
doors, shaft sinking ..... 7.1.14; 7.6.14(6)
dump person shall 6.20.5
examination of dump block 6.5.2
indicator lights for hoist operator ..... 7.1.12; 7.6.14(6)
manager responsibilities 6.10.1
over a bank 6.20.3
people below box 4.9.15
reverse when dumping 6.20.4
secure box in raised position 4.9.15
sinking operations, people at bottom of shaft 7.1.22
skip, prevent from assuming dump position ..... 7.5.7(1)(a)

Dust

definition of dust exposure occupation ..... Definitions
air circulated by auxiliary fan ..... 6.36.3(2)
advise employees of health risk 2.12.3
blasting, time for 8.6.1
blasting in underground coal mine, incombustible dust 8.11.5
coal preparation plants
discharge, thermal dryer 4.2.6
dust collection system 4.2.2
dust collector, dry-type 4.2.3
explosive atmosphere, monitoring 4.2.5
venting, explosion 4.2.4

combustible dust
see also **Explosion Barriers**
analysis procedure 6.44.10
carbonate, use of 6.44.12
dangerous occurrences, dust explosion ..... 1.7.1(2)(f)
dust, fineness 6.44.7
dust, injurious 6.44.16
exceptions, natural condition 6.44.6
explosive atmosphere, monitoring 4.2.5
gypsum, use of 6.44.11
hazardous dust, electrical equipment 5.6.4
levels, maximum 6.44.2
methane, limits 6.44.4
moisture, levels 6.44.5
sampling 6.44.3; 6.44.8
sampling procedure 6.44.9
sulphide dust 6.31.1
suppression of 6.24.2-3
testing, frequency of 6.44.14
testing, records of 6.44.13
treatment, floor, roof and sides 6.44.1
unventilated workings, access to ..... 6.40.1(3)
confined space, test for dust 3.4.3
drilling, power rock drill and dust suppression 6.24.3
hazardous dust, removal of 2.3.5
hazardous dust, electrical equipment 5.6.4
medical surveillance 2.12.1; 2.12.3-4
personal protective equipment 6.24.2
personal protective equipment, abrasive blasting 2.5.4
sulfide dust 6.31.1
suppression of 6.24.2-3
threshold limit values ..... Table 2-1
unventilated workings, access to ..... 6.40.1(3)

Dust Exposure Occupation
see also **Dust**
definition ..... Definitions
advise employees of health risk 2.12.3
medical surveillance 2.12.1; 2.12.3-4
threshold limit values ..... Table 2-1

Electrical
aerial device, electrically insulated 4.5.5
armored cables 5.3.7
blasting by electricity, return to work area 8.6.21
blasting circuit conductors 8.6.19-20
blasting, electric circuit test 8.6.15
blasting, electric storms 8.6.16-17
blasting, firing in multiple work places 8.6.22
blasting from power lines 8.6.12

blasting machine 8.6.9
blasting, pre-blast - electric power shut off, underground coal 8.11.7
blasting, post-blast electrical cable inspection, underground coal 8.11.5
blasting, radio transmitters turned off 8.6.18
blasting switches 8.6.13
cable and trailing cable, use and repair of 5.3.4-6
cage call systems, installation of electrical components 7.7.1
coal mine, certification of electrical equipment 5.6.3
coal mine, electrical inspection and maintenance 5.6.5-6
codes and standards 5.1.1; 5.6.2; 4.1.3
combustion engine, not used in hazardous areas 4.4.12
control systems 5.5.01
detonators 8.3.11
distance from high voltage conductor 4.19.8
electrical room ..... definitions; 5.1.12
electrical safety plan 5.1.3
equipment at coal face, warning when flammable gas 6.43.2; 6.43.4
equipment at coal face, flameproof enclosure 6.43.3
equipment, power to be cut off 4.11.2; 6.42.4
equipment, repair of in hazardous location 5.6.6
equipment electrically energized, contact with 3.3.4
equipment failure, dangerous occurrence ..... 1.7.1(2)(g)
equipment, electric hydraulic diamond drills 4.9.6
fittings 4.13.6
fixed substation ..... definitions; 5.1.5(2)
flammable gas warning 5.6.7; 6.43.2; 6.43.4-5
fuel oil transfer system, electrical equipment standards 4.3.9
ground, auxiliary fan 6.36.3
ground, bag type dust collecting system, ... 4.2.2
ground fault protection, submersible pump 5.1.10
haulage locomotive 4.10.4
hazardous locations 5.6.2; 5.6.4; 5.6.6; 6.42.4
hoist, controls 7.6.12
hoist, electrical inspections 7.9.19
hoist, plant supervisors responsibilities 7.9.21
hoist, record of electrical failure or accident 7.9.20
hoist, requirements 7.6.10
hoist safety devices and protective circuits 7.6.8; 7.6.11
hoist signaling system, electrical requirements 7.7.3
hoisting equipment, contact with conductor 4.19.7
induced polarization geophysical system 9.3.5
lifting devices, power supply 4.12.3; 4.13.5-6
logbook, electric hoisting equipment 7.2.6
magazines, electrical specifications 8.1.3
maintenance, in coal mines/hazardous locations 5.6.5-7
maintenance, raise climbers 4.13.13
plan 5.1.5; 6.3.2
pneumatic loading, prevent buildup of charge 8.5.6

pointed tools 4.17.12
portable heaters, adherence to code 4.1.3
pumps, submersible 5.1.10
self-propelled, electrically drive, non-rail bound mobile machines 4.7.3
single-conductor cable connections 5.3.8
supply systems for mobile electrical equipment, testing of 5.1.7
switchgear, installation 5.2.01
switchgear, isolating circuits ..... 5.2.01(1)
switchgear, operation 5.1.13
switching plan 5.4.01
training ..... 5.1.3(2); 5.1.4
underground electrical installations, fire fighting gear 3.10.1
underground electrical substations, fire hydrants 3.11.3
warning notice 5.1.6
welding and burning equipment, stored away from 4.4.7

Electromagnetic
definition of electromagnetic device ..... Definitions
rope electromagnetic test 7.4.6-8
survey work, electric blasting coordinated with 9.3.5

Elevating Work Platforms
electrical insulation, aerial devices 4.5.5
forklift truck platforms 4.5.2
guard rails 4.5.3
in shafts
definition of work platform ..... Definitions
design and construction requirements ..... 7.5.15(1)
inspection of 7.9.10
written procedure for ..... 7.5.15(2)
logbook 4.5.7
non-destructive testing 4.5.4
raise climbers
bolts and torquing 4.13.8
brake requirements 4.13.3
checks, daily and weekly 4.13.14
communication requirements 4.13.11
controls 4.13.5
electrical fittings 4.13.6
emergency procedures 4.13.16
fire extinguisher 4.13.15
guardrails and toe-boards 4.13.7
guards 4.13.4
identification plate 4.13.2
inspection 4.13.1
maintenance, qualifications 4.13.13
maintenance, records and logbook 4.13.13
modifications, approval 4.13.10
rack and pinion 4.13.9
travel stops 4.13.12
work platform, anchoring 4.13.7

repair 4.5.6
vehicle mounted aerial devices, standards 4.5.1
scaffolding
scaffold requirements 4.14.1
suspended from hoists
boom cranes 4.14.6
crane or hoist operations 4.14.5
guardrails ..... 4.14.3(2)
identification plate ..... 4.14.3(3)
inspection of 4.14.7
logbook 4.14.8
persons riding on hoisting equipment 4.14.2
requirements 4.14.3-4
safe working load 4.14.4
safety factors 4.14.4
warning device, boom cranes 4.14.6

Elevators 4.4.15

Emergency and Emergency Preparedness
see also **Mine Rescue**
automatic hoisting, emergency stops ..... 7.8.11(7)-(8)
communities ..... 3.7.1(2)
conveyor, pull cord to stop and reset manually ..... 4.4.16(4)
disclosure in medical emergencies 2.13.17
emergency exits shall be clearly marked 4.1.4
exploration drill sites, emergency spill kits ..... 9.11.1(4)
First Nations 3.7.1
flexible ladders, use of 6.28.9
forklift truck platforms used for emergency 4.5.2
hoist person and cage tender, breathing apparatus available 3.8.1
hours of work when life or property is in danger 1.5.1
interruption to main fan 6.34.1
means of communication 3.6.3
methylene bisphenyl isocyanate, respirator type ..... 2.3.12(2)(v)
remote control operations, emergency stop 6.18.1
raise climber, emergency switch 4.13.5
source of illumination 2.8.2
temporary dam or bulkhead 6.14.3
transport of persons in skip 7.5.7
underground coal mine, emergency equipment ..... 6.13.3(5)
warning system 3.13.2
warning system, test of 3.13.3-4
wash facilities 2.4.1

Emergency Plan
confined space, emergency and rescue procedures ..... 3.4.3(1)
duty to post 3.13.1; 6.3.1-2
duty to post mine plan at underground refuge stations ..... 6.13.3(3)
hoisting procedures in the event of an emergency 7.8.20
interruption to main fan 6.34.1

mine emergency response plan ..... 3.7.1; 3.3.6(4)
procedures for safe evacuation 3.13.1
raise climber, emergency procedures 4.13.16
tailings storage facilities and 10.6.10
traffic control procedures, emergency run-off protection 6.8.3

Emergency Training
all employees trained in basic emergency response 3.8.3
all employees trained in fire fighting 3.8.3
familiarization with emergency escape routes ..... 3.13.1(3)
hoist operator to be trained in emergency procedures 7.8.20
hoistroom breathing air and training 3.8.1
raise climbers, workers trained on emergency equipment 4.13.16
recognition of the emergency warning system ..... 3.13.1(3)
survival mine rescue training program 3.8.2-3
worker training, emergency involving hazardous product ..... 2.13.4(1)(f)
worker training, emergency treatment for heat/cold stress ..... 2.10.1(2)

Emerging Technology
emerging technology ..... Definitions
emerging technology certification 6.18.4
health and safety program ..... 1.6.9(1)(c.1)
requirements for a project management plan 6.18.3

Employee
see also **Worker**
definition of employees ..... Definitions
air quality after blast, worker may request test ..... 8.6.4(2)
diesel exhaust, worker may request test ..... 6.37.2(4)
distribution of the *Mines Act*, Regulations, and Code 1.4.1
duty to comply with *Act*, Code & Regulations ..... *Mines Act* §24
duty to inspect before commencing work underground 6.25.1
duty to wear appropriate clothing 3.3.4
hours of employment 1.5.1
lockout, overlap between shifts 4.11.5
personal protective equipment, worker responsibility 1.8.2
right to refuse work 1.10.1-7
training & education, general 1.11.1-2
training & education, emergency procedures 3.8.3
training & education, evacuation procedures 3.13.1
training & education, hazardous agents 2.13.3-4; 2.13.8; 4.4.25
training & education, use & maintenance of equipment 1.8.1
use of alternate worker 1.10.6
workers to be removed from abrasive blasting area 2.5.6
working alone 3.2.3

Employer
definition ..... Definitions

Employment
alternative ..... *Mines Act* §29; 1.10.6

Enforcement
of *Act*, regulations, code, permit, or order ..... *Mines Act* §35
Engine
diesel engine, fuel standards 4.6.1
exhaust 4.4.12
equipment unattended when engine running ..... 4.6.1(4)
equipped with 4.10.2
proximity to underground workings 4.4.11
shut off while loading or unloading explosives 8.4.2
shutdown, automatic 4.9.21
Engineer of Record ..... Definitions, 10.4.1; 10.4.4; 10.5.1; 10.5.2; 10.5.3; 10.5.4; 10.5.5; 10.5.6; 10.5.7; 10.5.8; 10.5.9; 10.6.4; 10.6.5; 10.6.6; 10.6.7; 10.6.8; 10.6.9; 10.6.11; 10.6.12; 10.6.13;
Engineering Report ..... *Mines Act* §18
Environmental Design Flood 10.5.7
Equipment Locking
see also **Lock-Out Procedures**
vehicle mounted dump boxes, blades, buckets 4.9.15
Ergonomics

defective explosives 8.3.4
detonator, transport of 8.4.3; 8.4.6
detonators, electrical 8.3.11
existing workings, connection to 8.10.2
Explosives Act and 8.3.1

explosives, acceptable 8.3.1
frozen explosives 8.3.6
heated rock, blasting of 8.3.7
identification 8.3.2
implements, for opening containers 8.3.3
medical surveillance 8.3.10
safety fuse procedures in 8.3.5
smoking and 8.1.9
transfer, to headframe 8.4.5
transport, by rail 8.4.4
transport, explosives & detonators in separate containers 8.4.6
transporting 8.3.8
transporting, supervision 8.4.1
transporting, vehicle 8.4.2

Face
definition ..... Definitions
before abandoning 8.8.3
coal face, warning of accumulation of gas 6.43.2; 6.43.4
machine is in use at, prevent gas ignition 6.43.1
pit face area safety 6.5.1
removal of unconsolidated material 6.23.1
riding on raise climber to ..... 4.13.7(1)
shoring contact with faces of excavation 4.17.6
space between the faces of all stoppings 6.41.2
surface mine faces and bench heights 6.23.3-5
two-compartment raises, maintained to within 12 m of 6.29.1

Face shields ..... 1.8.5; 4.4.3(4)

Factor of Safety
definition ..... Definitions
balance ropes 7.4.12
drum hoist rope 7.4.10
factor of safety, tailings storage facility 10.5.9
friction hoist ropes 7.4.11
record book 7.9.5
rope attachments 7.4.1

Failure and Breach or Runout Assessment 10.5.5

Failure Scenario ..... Definitions; Table 10-2; 10.5.3; 10.5.5(1)(b); 10.5.6; Table 10-3; 10.6.2(c); 10.6.4(2)(a); 10.6.6(5)(b); 10.6.8(1);

Fall Arresting Devices 4.4.1

Falling Object Protective Structures ..... 4.9.11(2)(b)

Fans
auxiliary fans in underground mine 6.36.3
coal mine, fans coated with non-sparking material ..... 6.36.3(4-5)
exploration activities, debris fan/alluvial fan 9.7.1
fan house, fire protection 4.4.10
interruption to main fan 6.34.1
main surface ventilation 4.4.14

measurements taken at main fan 6.37.1
plans, show all permanent fans ..... 6.3.2(5)
underground ventilation 4.4.13
vibration switch shall be mounted on fan cage 4.4.19

Fatality 1.7.1-4
see **Incidents**

Fencing
reclamation of pit or trench 9.13.1
shaft openings 7.1.2
surface excavations 6.24.1

Fill
definition ..... Definitions
potential for blow-out of fill from closed mine opening 10.9.16

Fire Doors, Underground 6.32.1-2

Fire Extinguisher
vehicle mounted 4.9.3

Fire Extinguishing Equipment 4.4.10

Fire Fighting
