SHOVELS - GARDEN SPADES

Landscape and construction contractors who do heavy digging love our Kenyon all-steel products. They provide the best in rock-moving, root chopping and prying capabilities.

Constructed of ultra-thick, heavy-weight 9 gauge welded steel with a smooth powder coat, these tools are ready for extreme applications.

WHY CLOSED BACK?
Closed back shovels have welded backplates to prevent material build-up. These plates also provide extra strength.

SCOOPS - STEEL

WHY CLOSED BACK?
Closed back shovels have welded backplates to prevent material build-up. These plates also provide extra strength.

Asphalt scoops / shovels are perfect for transferring heavy, loose material. The blade construction features a flat blade designed for moving asphalt. Great tool for professionals to utilize for moving asphalt.
