Link® replacement handles allow today's consumer or professional contractor to get additional years of life out of trusted tools by replacing cracked, worn or broken handles. Handy merchandising units act as silent salesmen, guiding customers to the correct replacement.

THERE IS NO SUBSTITUTE FOR A GOOD DISPLAY

- Let customers know you carry common replacements.
- Illustrated display banner shows and tells which tools each handle fits.
- Simple plan makes every clerk an instant replacement handle expert.
- Makes selection easy for customers.
- Requires minimum space.
- Organized and neat.
- Strong and attractive rack.
- Available in 8 and 12 hook models.
- Available in wall or floor versions.
- Easily customized to your exact needs.
- Improves inventory control.
- Simplifies re-orders.
- Increases sales profits.

The wall mount displays can be used as floor displays by using the floor stands (ordered separately).

Model	Description

SOD LIFTER, EDGERS, ROLLER & SPREADER

Our lawn roller helps even-out new sod installations and holds up to 270 lbs. (approx. 28 gallons) of water.

Edgers create crisp turf boundaries along walkways, driveways and other paved surfaces. Gardeners and landscapers appreciate the easy, precise cuts from our half-moon edger.

Our compost spreader is often used for topdressing existing lawns.

SCYTHE BLADES

The scythe is a powerful, versatile and useful tool for the mowing and removal of unwanted grasses, weeds, and young woody growth. Quiet and pleasant to use, the scythe provides numerous advantages over mechanical mowers and string trimmers, and can be used in many locations where mechanical mowers cannot.
