Building a better professional broom starts with our super-strong gusset bracing, the strongest head-to-handle connection on the market today. Choose from brooms for rough surfaces, smooth surfaces or "duo" models that combine bristles for all-purpose use. Our bent "ergonomic" aluminum handles provide more effective head-to-surface contact while promoting comfort and ease of use.

Our duo brooms have a highly effective sweeping action because of its strong inside bristles with outside bristles specifically designed to sweep the finest of materials.

BROOMS - WONDER & GENERAL PURPOSE

82602 is an ideal combination broom for gardeners, landscapers and anyone wanting to move a heavy load as well as fine dust with the same broom.

82614 is for smooth and semi-smooth surfaces such as warehouse floors and cement. The best value for maintenance dollars spent.

82624 bristles are unaffected by chemicals, oils, or petroleum solvents. A top performing, best selling garage style broom.

Our general purpose brooms use durable polypropylene bristles, firmly attached to a high quality hardwood shoulder.

Our selection of brooms extends beyond traditional pavement-style brooms. We also offer specialty brooms for large-area pavement cleaning, athletic field dressing and brushes for applying pavement seal coating products. For additional cleaning solutions, also see our squeegee products.

THE SCARIFIER BROOM
Has fine serrated teeth that breaks up hardened surface materials, while the extended grading edge smooths and levels, while spreading material.

1

SOIL PROBE TIPS
Steel tips provide strength with light weight.

2

3

WIRE & SWING PIPE PLACER TIPS
The .75" hard nylon tip is non-conductive. It grips the cable to place it into the trench bottom.

4

ALL-STEEL CONSTRUCTION
- Heavy-duty ¾" hex shaft
- Dig-out spike
- Steel leverage step
- Sure-grip handle
- 36" overall length

5

6

GENEROUS STEPS
An all-steel tool for installing landscape lighting, irrigation line, landscape edging and more. The 4 gauge head is 8-1/4" wide and nearly 10" long with a 1-1/4" generous step.

KENYON PROGRADE MEASURING WHEEL

- Heavy-duty 3/4" steel tube frame and handle
- Wheel is positioned in the center of frame
- Folds in half for storage and portability
- 5 digit, easy-to-read counter
- Comes with mud scraper

KENYON SMALL TELESCOPING MEASURING WHEEL

- Fits in a toolbox or briefcase
- Geared counter
- Adds while rolling forward and subtracts when pulled in reverse
- Weights less than 2 pounds

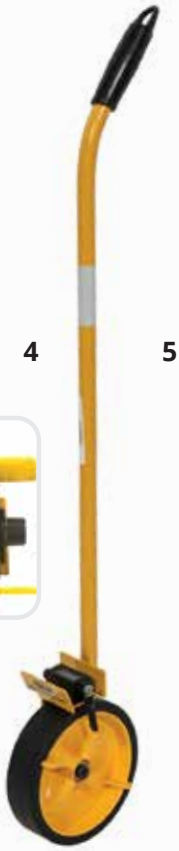

KENYON GROUNDSCAPERS

- Molded ABS wheel
- Telescopic metal handle with kickstand
- Geared counter
- Lightweight and durable

KENYON WIDE-TRAK MEASURING WHEEL

- Solid and wider wheel for excellent balance
- Heavy-duty 3/4" steel handle
- 5 digit, easy-to-read counter

EASYSQUEEGEE®
CLEANABLE & REUSABLE — US PATENT 10,165,923
PRECISION APPLICATION SQUEEGEE SYSTEM

FINALLY A TRULY CLEANABLE & REUSABLE PRECISION APPLICATION SQUEEGEE SYSTEM

The **EasySqueegee®** provides industry leading precision, predictability and versatility when compared to competitive products.

The **self-locating** & **self-leveling** blades ensure your blade is straight, level and in perfect contact with the floor every time.

The eight unique engineered blades provide a level of versatility and jobsite application options not currently available from any competitive application squeegee tool today.

Cured Coatings Release technology ensures the frame is reusable regardless of the material (Epoxy and Urethanes) you're putting down with the **EasySqueegee®**, once cured the frame can be cleaned.

FLAT FLEXIBLE

FLAT STIFF

5-7 WFT MILS
WFSR: 230-320 FT² / GAL

8-12 WFT MILS
WFSR: 133-200 FT² / GAL

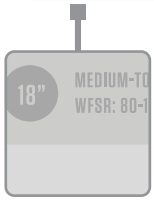

15-20 WFT MILS
WFSR: 80-106 FT² / GAL

25-30 WFT MILS
WFSR: 53-64 FT² / GAL

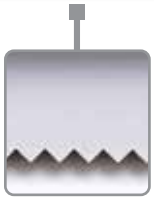

40-45 WFT MILS
WFSR: 36-40 FT² / GAL

50-60 WFT MILS
WFSR: 26-32 FT² / GAL

INTELLIGENT BLADE IDENTIFICATION
All blades inscribed with WFT and WFSR information.

SELF-LEVELING BLADES
Accurate and predictable Wet Film Thickness every time.

SELF-LOCATING BLADES
Designed to provide industry leading accuracy.

PROTECTED THREADS AND FASTENERS
Eliminates material contact with threads.

THUMB SCREWS REPLACE NUTS
Features Cured Coatings Release Technology for cleanability.

Wet Film Spread Rates (WFSR FT² / Gal.) are not absolute but provided to assist blade selection. Many factors can contribute to the actual WFSR including pressure exerted on the blade, porosity of the substrate being coated, material used and if and how the back-roll is completed. If you have any questions or would like to discuss the particulars of your project please contact us.

NEW

SURESPIKES®

SIMPLE CHANGES... BIG DIFFERENCE!

Our new **SURESPIKES®** spiked shoes are certain to become the industry standard when compared to competitive "one-size-fits-all" polypropylene footwear available today.

CUSTOMER TESTIMONIAL:

I would like to tell how great the SURESPIKES® perform for me. I was coating a floor that already had a trowel down epoxy installed. The new coating was to apply a full flake epoxy floor over what was already installed. I put on a slip-on spike as I normally do and started squeegeeing the epoxy. I noticed that I was slipping and sliding on the floor. The slip-on spikes work fine when the concrete doesn't have a previous coating. I felt unsafe to continue so I stopped my application and put on the SURESPIKES® and my slipping stopped.

I was able to continue the process of squeegeeing with another person back-rolling and I was able to walk back out to broadcast the flake without any slipping. The SURESPIKES® made it safe for me to install this floor.

- Bill J, Minnesota

ANGLED SPIKES PROVIDE MORE STABILITY AND DECREASE THE CHANCES OF SLIPPING & FALLING (PATENT PENDING)

1-INCH HARDENED STEEL SPIKES AND NYLOC NUTS PROVIDE IMPROVED DURABILITY AND SPIKES STAY SHARPER LONGER

TOE SPIKES PREVENT THE TIP OF THE SHOE FROM CONTACTING THE FLOOR

FLEXIBLE LIVING HINGE PROVIDES COMFORT & FLEXIBILITY

TUG & SNUG RUBBER STRAPS ARE QUICK, EASY, AND EFFICIENT WHEN COMPARED TO CLOTH STRAPS AND BUCKLES

"ONE-SIZE-FITS-ALL" IS PROVEN TO FIT ALMOST ANY SIZE SHOE OR BOOT
